

State Firemen's & Fire Marshals' Association of Texas

Mid-West Texas District

Mr. Harvie Cheshire,
Chairman, SFFMA
Constitution & By-Laws Committee

February 21, 2019

Dear Chairman Cheshire,

Please find the attached proposed revisions to the SFFMA Constitution and By-Laws that are respectfully being submitted by the members of the Mid-West District for consideration at the 2019 SFFMA State Conference. The proposals contained in this document reflect the recommendations suggested by the Constitution and By-Laws Committee at the January meeting in Arlington, Texas and the later concerns of the Constitution & By-Laws Committee.

These proposals were discussed and unanimously approved at the Mid-West Texas District fall meeting, held in Baird, Texas on October 13, 2018. They are being submitted in an effort of increasing the number of members who cast ballots in the Association's annual elections. Additionally, this proposal provides a common sense avenue to shorten the Annual Training Conference and Convention, thereby reducing the expense for the Association and the members who attend the annual event.

We respectfully request a favorable endorsement by the Constitution & By-Laws Committee.

Please feel free to contact Clay with any questions or concerns you or the committee may have.

Kindest regards,

J. Clay Deatherage
